There was a meeting in Enterprise Monday reportedly to kick off the petitions to call an election, that is to move the county seat to Enterprise. For some reason or another, the action was tabled "until after Christmas". I honestry don't think the whole reasoning has come out yet, but don't really care. One question I have asked and would like an answer to is, "Is this Chamber of Commerce action coming from the same Chamber of Commerce that was pushing for a county-wide chamber and urging unity and all that stuffback during the May primaries? " The answer from some Enterprise merchants I have contacted was that they were members of the Enterprise Chamber of Commerce and they had not been asked to vote on sponsoring the petition, and that probably when the entire chamber got a chance to vote, the matter would be dropped!

Ye ole editor was visited by the Elba Fire Department Sunday evening about 7:30. A cruising police officer found that our garage was shooting flames high into the air and sent out the alarm. My neighbors were as jumpy as anyone else for a few minutes that seemed like an eternity until the flames were brought under control. We have no idea what caused the fire. I had been burning some limbs in a stump hole earlier but a check at 6:00 p.m. showed that was still hot but almost dead. There were some electric wires in the garage, but nothing to indicate they were faulty. The building had a slate roof that will not burn, so sparks from my fire or someone elee's could not land on the roof and set the fire. Lastly, the firemen say the fire started at the end of the garage reserved for the doors and my fishing (The doors and my fishing gear ain't there

Sgt. Johnny Evans of the Alabama State Troopers spoke to the Elba Business and Professional Women Monday night. Johnny and I attended high school in Florala, and haven't seen each other since high school probably, even though I have kept up with his success with the Public Safety Department after he spent four years as a Marine presidential guard. I walked in to make a picture after the talk had begun and noticed as I sat down that he was trying to remember just who that guy was with the camera. Well, in a few minutes, it dawned on him and he just blurted it out right in the middle of his talk! The ladies got a good laugh at this, and from there on, the discussion was very informal with Evans answering a lot of questions. When he got to asked if the BWD on her tag indicated to other motorists that she was a Bad Woman Driver. Evans assured her that was not the case. I find that this also clears the men who were concerned that it indicated they were Big Whiskey Drinkers. I think south Alabama is going to win all four classes this

year. In 4A we've got three strong teams in Bay Minette, Enterprise and Jeff Davis. Enterprise has an outside shot at the title, but coach Billy Livings' Jeff Davis Vols are definetly the favorite to win the 4A crown.

will knock each other off in the opening rounds. I feel our best bet in Class A rests with Sweet Water, Houston Academy, Brantley, Clio, and Catholic. If I had to pick one, I'd have to go with Brantley.

A couple of playoff records will be broken this year. Smiths Station, Sweet Water, and West End now share the record for most playoff appearances. Each will be heading into No. 6. In addition, Sweet Water has now been in five in a row. A dozen schools are making their initial appearance, including Headland and J. U. Blacksher. My favorite for titles are Jeff Davis (4A), Andalusia (3A),

#### TIP-OFF TOURNEY STARTS MONDAY

Eclectic (2A), and Brantley (A).

Elba High School's tip-off tournament next week should prove very interesting. There are seven (7) teams entered, and all seven have a chance of winning the championship.

The team with the most talent, and also the only Class A school in the event, is the New Brockton Gamecocks. New Brockton returns Ray Charles McClain (6-2), Fred Pruitt (6-4), and James Edwards (6-4) from last year's area championship team. Coach Andy Harris compares McClain to David Thompson because of his leaping ability. I was in New Brockton two weeks ago and saw McClain touch the backthey caught on Sunday while fishing in the Pea River. The board about 4-inches above the square. That's over 12-feet high! The Gamecocks are going to be good, and they should be the tourney's most entertaining team.

McCracken is always fun to watch on the bench, and Elba have brought a plea from Al abama's Game and Fish Direct fouls and was ejected from the game against the Tigers. Elba has the nucleas of a good team, and could surprise to exercise extreme caution some folks. Returning starter Terry Barnes (6-2), Larry while hunting or otherwise Phillips (6-0) and Sylvester Goosby (6-2) anchor the team, and this year will be joined by James Ray "Dirty Earl" Daniels, a 6-3 center who is a scoring threat from "anywhere" season off to one of the worst on the court. ## THANK YOU

I very humbly and gratefully THANK YOU - the citizens of Coffee County and the 25th District - for your confidence and vote in the November 2nd General Election.

When your active support was needed, you gave it. And I, in turn, promise to be fully responsive to your desires and wishes in Montgomery.

As I said during the campaign, I promise to represent you to the best of my ability, and to be an active senator for District 25, working to correct many problems which now exist in the district and to always put the interest and well being of all the citizens of District 25 first in my mind and consideration.

Without your vote and support it would not have been possible for me to be elected to the Alabama Senate, and for this I will be eternally grateful.

Thank you again, from the bottom of my heart for your vote
